Summary of Skills

- **HTML5/CSS3 Proficiency:** Strong understanding of semantic HTML and modern CSS techniques for building responsive layouts.

- **JavaScript (ES6+) Proficiency:** Proficient in JavaScript for dynamic, interactive web applications.

- **ReactJS Development:** Experience in building reusable components, state management, and implementing modern UI features.

- **TailwindCSS Competency:** Skilled in using utility-first CSS for efficient and responsive designs.

- **Responsive Web Design:** Expertise in creating mobile-first layouts, ensuring compatibility across various devices and screen sizes.

- **API Integration:** Experience with integrating third-party APIs for real-time data fetching

- **Version Control (Git/GitHub):** Familiar with version control for collaborative projects.

- **Problem-Solving:** Strong analytical skills for debugging and optimizing frontend code.

Experience

Student Ambassador, Cowrywise
January 2024 - Present

Promoted financial literacy and the Cowrywise platform among students, organized events, and engaged peers through social media and on-campus activities. Acted as a liaison between Cowrywise and the student community, driving brand awareness and encouraging the use of financial tools.

Personal Projects

- **Portfolio Website:** Developed a personal portfolio using ReactJs and TailwindCSS to showcase projects and skills.

- **TaskFlow To-Do App:** Built a task management app with ReactJs, allowing users to add and filter tasks by date.

- **Currency Converter:** Created a currency converter using JavaScript, HTML, and CSS, integrating a real-time exchange rate API.
